

Deluxe Combo Tester

Complete personnel ESD compliance testing — wrist straps, heel grounders, and automatic data logging in one device.

OVERVIEW

Trusted by companies worldwide for decades, the CT-8900 Ohm Stat Deluxe Combo Tester is the go-to solution for verifying ESD compliance across teams of any size, from a few technicians to tens of thousands. With a simple, fast testing process, it simultaneously tests wrist straps and heel grounders in seconds, helping ensure that employees and visitors are wearing functioning ESD protection before entering sensitive areas.

APPLICATIONS

- Electronics Manufacturing
- Cleanroom / Critical Environments
- Aerospace & Defense
- Healthcare & Medical Devices
- Data Centers & Server Facilities
- OEM & Industrial Assembly

COMPLIANCE & STANDARDS

ANSI/ESD S20.20 | REACH, RoHS, and Conflict Mineral compliant | CE | ISO

KEY FEATURES & BENEFITS

Fast, Reliable Testing

Tests wrist straps and heel grounders simultaneously with no switch-flipping or foot-changing required.

Automated Recordkeeping

Includes ESD protection test log software that automatically stores results for up to 50,000 users, along with free future updates. The data is transferred via USB and can be emailed or shared across networks.

Powerful, Scalable, and Easy to Use

A USB-powered system connects directly to your computer; no external outlet needed. Scalable for single or multi-location use with a simple, low-maintenance design.

Compliant and Customizable

Adjustable resistance tolerance limits (100 kilohms to 100 megohms; upgrade to 1000 megohms available). RoHS, CE, and EOS/ESD S.20.20 compliant, CE marked and NIST listed, and ISO 9000 conformance-ready.
