

Contec® Isopropyl Alcohol

Nonsterile isopropyl alcohol in purified water

Contec® Isopropyl Alcohol is a ready-to-use IPA solution pre-filtered to 0.2 micron. The product contains USP grade IPA and USP grade purified water and is appropriate for use in pharmaceutical, medical device, and other life science industries. Each bottle is double-bagged to ensure product quality and printed with a lot code and date of expiration for easy record keeping.

A convenient trigger sprayer with settings for stream or mist spraying is included with the 16 and 32 oz. bottles. The stream setting is ideal for targeting specific hard to reach areas, while the mist setting is used to cover larger surfaces. Each leak-proof bottle is induction sealed, capped and shipped with a trigger sprayer to eliminate the occurrence of leakage.

Product Application

- Surface cleaning
- Wipe down products and equipment for pass through to controlled environments
- Use on gloved hands during gowning and in sterile suites

Features	Benefits
Contains USP grade isopropyl alcohol	<ul style="list-style-type: none"> • Evaporates and leaves extremely low residues • Eliminates mixing, filtration, processing and QC expense of in-house production of sterile isopropyl alcohol water blends
Filtered through 0.2 micron in-line filter	<ul style="list-style-type: none"> • Eliminates the need for in-house filtration • Meets USP Grade Purified Water
Induction sealed bottles	<ul style="list-style-type: none"> • Reduces opportunity for leakage during shipment
Plastic bottle	<ul style="list-style-type: none"> • Recyclable, no costly disposal
Lot numbered bottles	<ul style="list-style-type: none"> • Assures complete product traceability
